

# Your time is valuable. Don't spend it preparing data.

As insurers are constantly being asked to do more with diminishing resources, carriers find that bureau reporting is one of the most logical tasks to outsource. Statistical reporting ties up many carriers' operational, technical, and management resources—resulting in lost business opportunities.

## Redeploy resources to

- Enhance customer experience
- Attract higher volume producers
- Launch new products
- Expand to new states
- Improve data analytics

## Enhanced Statistical Reporting Services for carriers of all sizes

ISO and IDP's strategic alliance to offer comprehensive bureau reporting services allows you to streamline reporting while remaining compliant. We are the bureau reporting SME for ISO in offering their Preferred Data Partnership.

### How it Works

We report all personal and commercial lines written in all 50 states and Puerto Rico to the major rating bureaus, including:

- |        |        |         |
|--------|--------|---------|
| ■ ISO  | ■ SFAA | ■ AAIS  |
| ■ NISS | ■ TICO | ■ AIPSO |
| ■ ISS  | ■ CAR  | ■ URB   |
| ■ MSO  | ■ NCCI |         |

Our blend of insurance and IT expertise, practical knowledge of policy administration systems, and strong bureau relationships provide you with a valuable, cost-effective solution.

*More*

**Focus on strategy, not statistical reporting. It's time to do more.**

## Benefits to Outsourcing Statistical Reporting

- **Increase overall efficiencies** by capitalizing on ISO and IDP's combined best-of-breed processes, insight, and discipline developed from 65+ years of expertise.
- **Eliminate fines** for missing deadlines and submitting erroneous data.
- **Focus on profitable engagements** instead of monitoring circulars for reporting requirement changes, handling lengthy calls, and error correction processes.

## About IDP

*IDP provides comprehensive bureau reporting services and SaaS core systems and services for the property and casualty (P&C) industry. Since 1949, IDP has been a strategic technology partner for carriers, program administrators, and residual market plans to support new business growth, streamline processing, and produce operational cost savings.*

*“We chose to outsource our bureau reporting so we could gain efficiencies that we did not need to develop internally. IDP was our choice because we felt their expertise exceeded other vendors we researched.”*

*SVP & Chief Actuary of a major insurance company*
